SAC Needs Assessment Surveys:

- These are still open and will look at the data in April.
- We will have to discuss the school recognition money and have a plan for the 23-24 school year.
- Mrs. Wilkey updated the committee on where we are in the process.
- Mrs. Wilkey will bring information to review the process to the April meeting.

Principal's Report

- Mrs. Riedl discussed having someone come out to present about the mileage. Mrs. Barrera stated that because of the ½ cent sales tax we were able to have some of the things in place at the newest schools. The cost of construction has increased tremendously. It is costing 69 million to build Lakeside Academy. The mileage would pay for the Resource Officers. The quality of your schools equals the quality of your community. We must compete and not go across the county lines. IT was mentioned that families in Nocatee may believe that CDD money goes to the school. The Nocatee developers donated these sites for schools. We get funded for cost per pupil. Approximately \$8,100 per student. Social Media is very concerning and wearing the schools out. There is talk about campaigning for the schools. Everything will be on the same ballot. Someone mentioned the transparency of what the money will be spent on, teacher salaries, administration or something else. Mrs. Barrera said SJCSO on the website for Finance and everything that will be voted on is left there. There is a citizen's advisory committee that goes over how the money will be spent and is public knowledge as well. Mrs. Barrera showed the committee where to find Financial Transparency and the CAC. All the reports are public. The mileage is only good for four years, and then you must ask again. Mrs. Jones stated that we could send our band and choir to visit with our retirement communities to make the connection between school and community.

For the Good of the Order:

- Dawn will reach out staff and post the agenda for May on the school website.
