

Dear Families of Pine Island Academy,

I would like to warmly welcome you to the new school family and hope you are looking forward to this opportunity for your children beginning in the 2021-22 school year. I am delighted that you will be a part of the Village Extended Day Before and After School Program at Pine Island Academy.

My name is Latifa Almabrouk, and I will be starting with you this coming school year as the Program Director of the Extended Day program. Here's a little about me. I am a parent in the St. Johns County School System of a middle school son. Before becoming a part of the education field, I was in the medical field for 8 years in intraoperative imaging. I decided then that I wanted to work with children and spent time as an elementary reading Paraprofessional in the St. Johns County schools. I have been a part of Village Extended Day Services for more than two years, starting as a counselor and then becoming a Director in July 2019. I have my Child Development Associates Certification (CDA) through the State of Florida and also have my Florida Department of Children and Families Director Credential. I am currently the Program Director for an Extended Day program at another PK-5 elementary school in St. Johns County through the end of this school year and recently got the wonderful opportunity to start the new extended day program at Pine Island Academy.

This next year promises to be full of exciting new opportunities for fun, growth and endless learning experiences for your child. Please feel free to contact me if you have any questions or concerns. My contact information is listed below.

All the best,

Latifa Almabrouk
Program Director of Pine Island Academy Extended Day
