

MEDICATION POLICY

Florida Statute 1006.062 authorizes school personnel to assist students in the administration of prescription medications. Parents/Guardians are encouraged to administer medications at home prior to or after school hours. The schools **do not** keep stock medicine in the clinic.

If your child needs medication during school hours, please note the following:

- All medications (prescription and over-the-counter) must have a medication form signed by both the parent/guardian and the physician ordering the medication
- All medications must be received in the original container with current Rx label including student's name, dosage, frequency of administration, physician's name, and expiration date of medication (*the expiration date on the pharmacy label, not on the medication box, will be the expiration date*). Over-the-counter medications must be in the original, unopened container. **No medication will be given if presented at school in a plastic bag.**
- Medications must be brought to school by parent/guardian. Please do not send any medications with your child in their backpack. Medications **may not** be brought to school by the student.
- Medication brought to school by a student will be kept in the clinic until a parent/guardian comes to the school with the required paper work. Without the required authorization, the student will not be given the medication during school hours.
- Medications should not be transported between home and school on a daily basis. Separate containers should be kept at home and at school.
- At the end of the school year, parents are responsible for picking up their child's medication.

The St. Johns County School nurses provide a vital service for our students. If you have any questions or concerns, please do not hesitate to contact Health Services at 904-547-7693.
