

Digital Discoveries

Curriculum Night 2026–2027 ·

Mrs. Warren · Pine Island Academy

Create. Think. Innovate.

A hands-on technology course where students build practical digital skills for middle school and beyond.

Building Digital Skills for the Future

This class goes beyond computers — students learn to think, create, and solve problems with technology.

School Tools

Schoology, Microsoft Word & PowerPoint

Digital Citizenship

Online safety & responsible use

AI Literacy

Using AI as a tool wisely

Future Careers

Explore technology & what's possible

Our Goal: Responsible, confident, independent technology users.

Year at a Glance

Q1

Digital Foundations, Schoology, Account Security & Career Exploration

Q2

Cybersecurity, Microsoft Word & Marketing Design

Q3

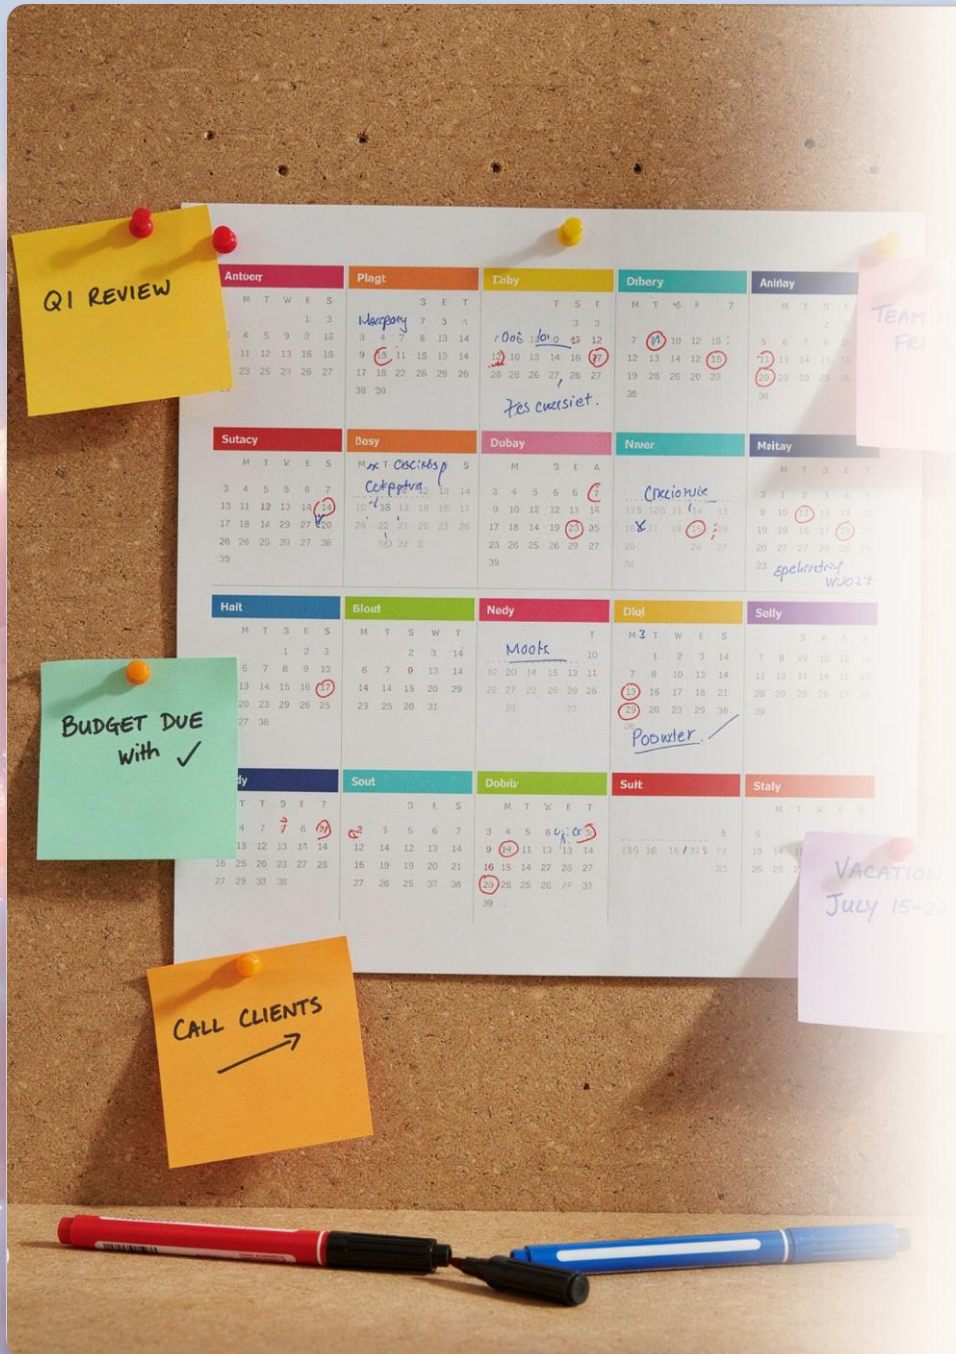

PowerPoint, Presentation Skills & Responsible AI

Q4

Creative Projects, Problem-Solving & Real-World Challenges

Units and pacing may shift based on the school calendar and student needs.

Learning by Doing

Independent Practice

Work hands-on — follow tutorials, create docs & presentations

Problem-Solving

Interactive activities that build real tech confidence

Real Experience

Students learn technology by **using** technology
